

INSULATED MAILERS

Easy to Use | Sustainable | Dim Weight Reduction

Why Coldcorr?

- Material Cushioning Provides Superior Payload Protection Over Traditional Bubble Mailers Resulting in Less Damage During Transit
- Sizes Designed to Fit in Standard Carrier Overnight Outer Boxes
- Perfect for Smaller Items Like GLP-1 Medications to Help Reduce or Even Eliminate Dimensional Weight Charges
- Designed for Use With Both Refrigerated and Room Temperature Items
- Multiple Thickness Options Allow for Full Customization

Recycling Info

- Insulation Layer Manufactured From Post-Industrial Recycled Cotton and Other Natural Fibers
- Inner Liner Biodegradable in Under One Year Under Normal Landfill Conditions Based on ASTM D5511-01 Testing
- Product is Approved Through the USDA Biopreferred Program
- White Poly Wrap and Outer Mailer Recyclable With #4 Plastics

INSULATED MAILERS

Easy to Use | Sustainable | Dim Weight Reduction

Duration
12-36+ Hours

Test Profile
ISTA 7E

Temp Range
2-8 C

Coldcorr® Insulated Packaging Insulated Mailers				
THICKNESS	OUTSIDE DIMS	INSIDE DIMS	QTY PER CASE	QTY PER PALLET
0.5"	9x12	7x10	150	1800
0.5"	12x15.5	10x13	100	1200
0.5"	14x19	12x17	70	840
1.0"	9x12	6x9	70	900
1.0"	12x15.5	9x12	48	576
1.0"	14x19	11x15	30	360
1.0"	19x24	16x20	20	240
1.5"	12x15.5	8x11	40	480
1.5"	15.5x12	11x8	40	480
1.5"	14x19	10x14	30	360
1.5"	19x14	14x10	30	360
1.5"	19x24	14x19	16	192

Testing Performed With 50ml Simulated Payload in a Chamber Environment
